10-week incubation program where students built 75+ apps that utilize generative AI. Built AI roadmap generator web app.

EDUCATION

Nazarbayev Intellectual School of Physics and Math, Almaty

2019 - 2025

PROJECTS

Kelbet Til— *Modernized Kazakh literature*

A database of over 130+ Kazakh literature works collected into one platform. PDF reader, AI explanation and translation features. 13000+ users.

https://kelbet-til.kz/

ReSpeak AI — *Speech impairment helper*

This project transforms impaired speech caused by conditions like dysarthria, cerebral palsy, or stroke into clear, understandable speech using AI. Our Flutter-based app converts distorted speech into text and re-synthesizes it into natural audio with text-to-speech models.

SKILLS

Next.js

Drizzle ORM

Prisma

Clerk

Auth.js

Tensorflow

Scikit-learn

OpenCV

Pygame
